

Donation Request Form

Each year Palazzo di Bocce receives requests for hundreds of donations, with almost every request being valid and worthwhile.

Please understand that it is impossible to adequately fill every request we receive. Thus, we have had to primarily limit our favorable replies to those in the immediate North Oakland County area, though exceptions are occasionally made.

If it is determined that Palazzo di Bocce will donate to your event, you will be contacted via the information provided on your request.

Requests are required a minimum of six weeks in advance of the date of the event.

Requests should be specific as to the purpose and date of the event being held and include contact information should we have any further questions.
